

Dual 4k. AI acceleration. Our Gen4 Pod puts the **pro** in productivity.

Gen4 Pod, included
with Mersive Pro

Overview

Mersive Pro is designed to meet the rigorous demands of modern enterprises, higher education institutions, and healthcare organizations, where performance isn't optional—it's required. Equipped with dual 4K HDMI output and AI-enhanced delivery, Mersive Pro ensures fluid, ultra-clear presentations, dynamic content sharing, and real-time interaction. Whether in critical corporate board meetings or collaborative classroom sessions, Mersive Pro empowers participants to share, collaborate, and engage without limitations, making every interaction seamless and impactful.

Applications

Wireless Screen Sharing

Mersive Pro enhances your meetings with powerful wireless screen sharing, letting you share content from any device—laptops, tablets, or smartphones—without the hassle of cables or adapters. Fully compatible with AirPlay and Miracast, Mersive Pro makes it easy to display presentations, collaborate on projects, or share ideas across any platform. Whether it's a quick brainstorming session or an important client meeting, Mersive Pro's wireless capabilities ensure everyone can contribute effortlessly, delivering a smooth and professional experience every time.

Digital Signage

Turn idle screens into dynamic communication tools with Mersive Pro's digital signage capabilities. Whether you're displaying important company announcements, internal branding, or educational content, Mersive Pro keeps your screens working for you. Ideal for corporate environments, large meeting rooms, and higher education, digital signage keeps your audience informed and engaged, even when the space isn't in use for collaboration.

Looking Ahead

Mersive Pro is designed with future capabilities in mind. With upcoming features powered by intuitive AI enhancements, advanced AV routing, and dynamic digital signage, Mersive Pro ensures your collaboration technology stays ahead of the curve.

BENEFITS

- Web-based sharing eliminates apps and dongles
- Dual 4K HDMI output for versatile display options
- Secure, encrypted content sharing
- Scalable to grow with your business

USE CASES

- Meeting spaces, auditoriums, classrooms and conference rooms
- Presentation spaces with confidence monitors
- Higher education
- Enterprise
- Healthcare

Transform your internal and client-facing meetings with simple, secure wireless screen sharing. Use digital signage to strengthen your brand and communicate vital updates in shared spaces.

Enhance teaching and research with intuitive, app-less screen sharing for both instructors and students. Mersive Pro fosters collaborative learning environments with high definition multi-share capabilities.

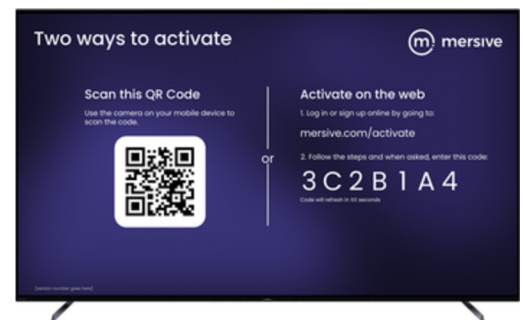

Deliver secure, high-resolution visuals for patient consultations or staff meetings. Mersive Pro ensures confidential content sharing and efficient collaboration in healthcare environments

Deploy in no time: Get your team connected fast with Mersive Pro's hassle-free setup—no need for lengthy installations.

Hit the ground running: The intuitive interface lets your team start collaborating immediately, reducing time spent learning new tools.

Keep your data locked down: Protect your content with enterprise-grade security, safeguarding intellectual property and meeting compliance with the highest standards.

Collaborate without limits: Mersive Pro's support for multiple connections keeps everyone engaged, ensuring fluid, real-time collaboration without interruptions

Hardware Specifications

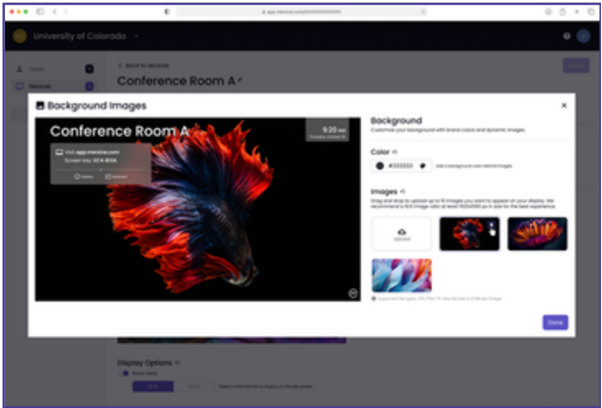

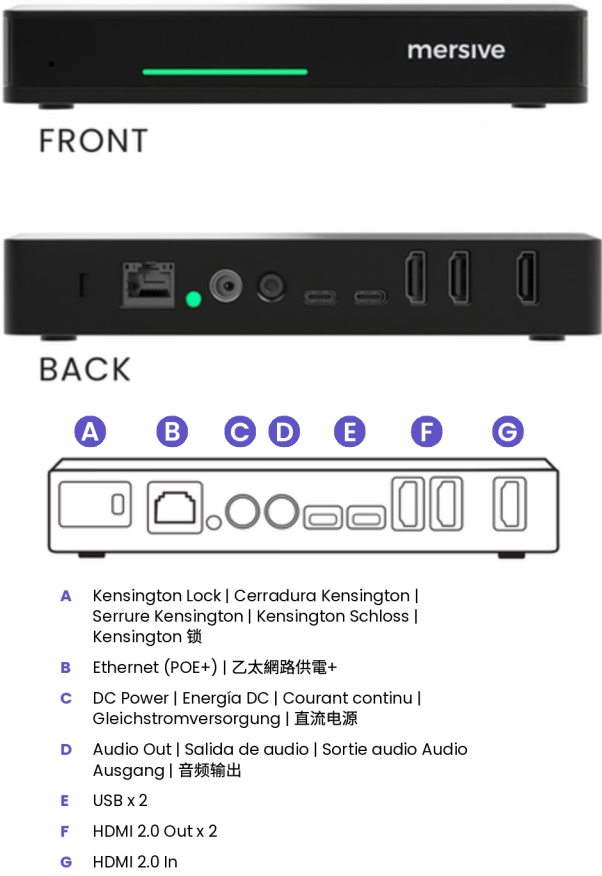

Video	H.264, H.265 encode / decode VP8, VP9 decode
Resolution	Dual 4K (3840 × 2160 @ 60Hz) HD (1920 x 1080 @ up to 60Hz) (1280 x 720 @ up to 60Hz)
Ethernet	10/100/1000 RJ-45 connector
Wi-Fi	Wi-Fi 6, 802.11 a/b/g/n/ac/ax compliant, MIMO 2x2
Network	Protocols: TCP/IP, HTTP, HTTPS, SNMP/NTP, SSL, SSH, UDP Security: WEP, WPA2, WPA2 Enterprise or IEEE 802.1x
Content Protection	HDCP 2.0
Power	12 VDC, 2 A 24W Max
Dimensions	180 mm x 90 mm x 30 mm
Weight	0.45 lb (204.1 g)
Temperature	0° C (32° F) to 35° C (95° F) Operating
Humidity	30% RH to 70% RH Ambient
Accessories	Power Supply Unit (not included) HDMI Cable (not included)
Protocols	WebRTC, AirPlay, Google Cast, Miracast

Regulatory

FCC, IC, and UL, CE, RoHS

Warranty

Matches subscription term

Part of the Mersive Collaboration Suite

The Mersive Collaboration Suite (MCS) offers a range of solutions designed to meet the unique needs of diverse environments, from small businesses to large educational institutions. Each tier—Smart, Essentials, and Pro—includes powerful tools like the MCS web app for onboarding, monitoring, and customizing devices. It also supports multi-organization management, allowing seamless collaboration and secure administration across multiple teams or entities.

At Mersive, we are at the forefront of developing versatile collaboration software, consciously designed to meet the dynamic needs of businesses, educational institutions, and healthcare facilities. Our solutions emphasize intuitive operation, secure data handling, and interoperability to enhance teamwork, learning, and patient engagement, fostering a culture of innovation and connectivity in every interaction.
